Season of Advent

The liturgy of Advent nourishes the faithful in their waiting in trust for the Parousia. They are illuminated by the Messianic texts of the Old Testament and live in the hope of Christmas, which renews the memory of the divine promises already achieved, even if not definitively. Advent with its character of waiting for the coming of the Lord, which is both that past coming and the future one is an ideal time for the faithful to rediscover in their lives the plan of God and to prepare themselves for: that new springtime of Christian life.
