Reception of Holy Communion

Just a word of encouragement to be careful when receiving Holy Communion. I have noticed a few communicants have dropped the host recently. If you are taking communion on on your hand or tongue, wait where you are don't move, don't walk away with host. If you receive on the hand, put one hand under the other and take the host with your free hand. If you are holding a child or are using a walking stick and need to steady yourself, please receive on your tongue.
